

YOKOHAMA's International Technical Cooperation through PPP

Y-PORT

YOKOHAMA PARTNERSHIP OF RESOURCES AND TECHNOLOGIES

Examples of Recent Yokohama's City to City Collaboration

Cebu, Philippines

- Conclusion of MOU on Technical Cooperation for Sustainable Urban Development (March 2012)
- Encouraging and assisting Yokohama's SMEs to engage in urban development of Cebu
- Assisting the establishment of "MEGA CEBU VISION 2050" in cooperation with JICA

Da Nang, Vietnam

- Conclusion of MOU on Technical Cooperation for Sustainable Urban Development (April 2013)
- Exchange of Economic and Infrastructural missions.
- Encouraging and assisting Yokohama's SMEs to engage in urban development of Da Nang

Bangkok, Thailand

- Supporting "Bangkok Master Plan on the Climate Change" led by JICA through training and dispatching experts
- Conclusion of MOU on low-carbon city development (October, 2013)

Toward Promoting Collaboration with Asian Cities Through Active Cooperation with Aid and International Organizations and Private Sector Participation

- Providing Yokohama City's experience of urban development through masterplan formulation.
- Holding international conferences to share knowledge and know-how of participating cities ⇒ Asia Smart City Conference.
- Encourage mutual dialogues through official visits and training programs

Towards Multilateral Collaboration among Cities

The 3rd Asia Smart City Conference 2014

- ◆ Sharing the results of efforts made in the year since the previous conference

Promoting the formation of specific infrastructure and environmental projects

The 2nd Asia Smart City Conference 2013

- ◆ Forging cooperative relationship and alliance among Asian cities
- ◆ Sharing practical and feasible methods on urban development and management
- ◆ Encouraging dialogue among international aid organizations and cities
